    - Rules amendment caveat on return rights issue (from Bart):  
  
Need to coordinate two conflicting sections of the rules re: duration of eligible registers. Section 9.07 B. states that no eligibility register lasts more than 24 months. But new Section 9.07 D states that those who have been bumped because of a returning unclassified employee will remain on a reinstatement register until there is a vacancy, which could be longer than two years.
