

Lot of Record Application

What is a Lot of Record?

WCC 20.97.220 defines "Lot of Record" as "a lot which is described by final plat, short plat, or metes and bounds and is established pursuant to applicable local and state regulations at the date a legal instrument creating the lot is recorded at the Whatcom County auditor's office."

Note: "Lot of Record" is in no way synonymous with "buildable lot", it just means that it was legally created/subdivided.

Note: A COMPLETE DEED HISTORY and CORRESPONDING MAP must accompany this application. You may obtain a deed history of your property from any local title company. Use an Assessor's parcel map from the PDS office (You will need to know your Section, Township, and Range) to show the parent parcel and subsequent division/creation of your lot. Color-code the map, deeds and deed list. Do this by showing the pre- 1972 parcel as one color and each subsequent division or alteration with a different color, both on the map, on the deeds and on the deed history chronology on page three. Depending on the complexity of the deed history, you may need professional assistance to do this.
