

## On-Site Sewage System Loan Program

This program is offered by Industrial Credit Union and the Whatcom County Health Department with funding by the Department of Ecology to assist credit challenged homeowners with the replacement and/or repair of a failing on-site sewage system. This new program allows Industrial Credit Union to expand loan qualification criteria to allow credit challenged homeowners' access to affordable credit options.

### About Industrial Credit Union

Industrial Credit Union is a not-for-profit financial cooperative owned and operated by its members. We've been a part of the Whatcom County landscape for seventy years. We currently operate seven Whatcom County branches to serve our 22,000 members.

### ELIGIBILITY

Whatcom County homeowners that have a failing on-site sewage system, verified by the Whatcom County Health Department are eligible to apply. If you are unsure of the current functioning status of your septic system, we encourage you to have an Operation and Maintenance evaluation. For more information, visit: <http://tinyurl.com/OM-Flyer-2011>

### RATES & FEES

Please contact Industrial Credit Union for a current rate and fee information.

### IF YOU'RE NOT A MEMBER, NO PROBLEM -

Membership at Industrial Credit Union is open to anyone living or working in Washington State. To learn more about Industrial Credit Union and the products/services we offer visit [www.IndustrialCU.org](http://www.IndustrialCU.org).

For more information about the On Site Sewage System Loan please contact Industrial Credit Union at - 360-734-2043.
