Minutes June 23, 2022 Regular Meeting

Members attending:

Chairperson Allison Calder

Vice chair William Zidel

Annelle Norman

Prakash Sundaresan

Brian Hunter

Call to order at 7:04 pm

Agenda approved with addition of public works

Minutes approved unanimously

First Public Comment - None

Old Business -

Firewood memorandum of understanding - County working on

Drainage and Flooding. - request for action from County Council report at next meeting.

Public works - The County of Whatcom mower used here is broken. Coincident with spring cleaning and increased cabin/cottage usage, people dumping green waste in ditches, which precludes their efficacy in event of fall rains. There is a County Public Works Point Roberts worker assignment... letter to County Council to request filling of that position.

Regional transportation - Member Sundaresan drafted letter, sent June 5th, copied County Executive Satpal and Council...response from Director Conroy essentially saying Point Roberts not regional, but recognized U.S./Canada free ingress/egress issue as regional issue. Mark Robbins has offered his position on the regional transportation working group. Member Sundaresan will write letter requesting appointment.

Local traffic safety - bike lanes, walking paths...Annelle to make poll: re: support. Two sheriffs authorized, only one assigned.

Golf cart zone - still researching

Dark skies - Member Norman .... Dozen folk, received mostly positive response, two more town hall meetings

Affordable housing - Member Norman suggest issue and poll; need, recognized issue...potential for property and small units potential. Air b&b...vacant units...

New business proposed

Resurrecting dog park in August meeting

Sheriff - (speeding, crime) will be requested to attend July meeting

2nd public comment...none

Affordable housing was revisited by Committee without action.

Adjourn 8:10 pm
