

Preliminary Long Subdivision Application

- 1) Prior to Long Subdivision application you must have a pre-application meeting. Please see the **Pre-Application Meeting** application for requirements.
- 2) After you have had a pre-application meeting and completed all applicable application materials, and all requirements outlined in the pre-application meeting, contact the planner who processed your pre-application to schedule a time for submittal of the preliminary long subdivision application. Applications are accepted digitally via email by sending all application materials to epermits@co.whatcom.wa.us. Once the application has been received a planner will be assigned and you will be contacted with the project number and applicable fees. If you are unable to submit digitally, please call (360) 778-5900 in order to arrange a mail submittal. The application will be considered vested upon receipt of the applicable fees and Determination of Completeness.

Long Subdivision Processing Sequence

- 1) Once the application and fees are submitted, staff will review the project and if all items are submitted, a Determination of Completeness will be issued to the applicant. The application materials will be routed to the **Technical Review Committee** and a **Notice of Application** will be posted in the newspaper and mailed to surrounding property owners.
- 2) After all of the comments have been received from the Technical Review Committee and citizens; staff will forward them back to the applicant. If it appears that the basic requirements of water supply, sewage disposal, legal access, minimum lot size and critical areas all appear to be reasonably satisfied, the Technical Review Committee will then complete the **State Environmental Policy Act (SEPA)** review.
- 3) If, after the Technical Review Committee meeting, there are still items that need to be addressed by the applicant, the Technical Review Committee will issue a **Notice of Additional Requirements (NOAR)**. The applicant shall have 180 days from issuance of the NOAR to submit requested items.
- 4) Staff will then schedule the project for a hearing with the **Whatcom County Hearing Examiner** for preliminary approval. Once the Hearing Examiner has issued approval the applicant must then complete all improvements (roads, utilities, etc.) and the surveyor can begin to prepare the checkprints.
- 5) Prior to any land disturbance please contact a Critical Areas Specialist to determine whether a **Land Use Disturbance Permit (LDP)** is necessary. We advise you to wait until you receive preliminary approval before making application.
- 6) Please note: "Preliminary Approval" Does Not Constitute Authorization To Advertise, Sell Or Take Earnest Money On Any Of Your Proposed Lots.
- 7) The applicant shall submit the final review packet for the original drawing (mylar) within **Five Years** of receiving preliminary approval (WCC 21.05.039(1)). If the applicant fails to submit the original drawing within these time frames, the Long Subdivision shall be considered expired (WCC 21.05.039(2)). Please see the **Final Long Subdivision Application** for submittal requirements.

**Preliminary Long Subdivision Application
 Intake Checklist**

The following requirements for a fully completed application and any other information must be provided in order to initiate a review for a Determination of Completeness.

Applicant Checklist		PDS Checklist
1. Written and Other Data and Fees		
<input type="checkbox"/>	a) Completed application form	<input type="checkbox"/>
<input type="checkbox"/>	b) Name, address and phone number of owner(s), applicant, and contact person	<input type="checkbox"/>
<input type="checkbox"/>	c) Names, addresses and telephone numbers of the involved engineers, surveyors, and consultants	<input type="checkbox"/>
<input type="checkbox"/>	d) Intended uses	<input type="checkbox"/>
<input type="checkbox"/>	e) List of variances and waivers requested	<input type="checkbox"/>
<input type="checkbox"/>	f) Names and addresses of all persons, firms, and corporations holding legal interests in the land, such as easements, of which the applicant has knowledge	<input type="checkbox"/>
<input type="checkbox"/>	g) Assessor's parcel number (of the parent parcel)	<input type="checkbox"/>
<input type="checkbox"/>	h) List of names and addresses of owners of property within 300' of site's boundaries (based on the latest assessor's equalized tax roll) when within an urban growth area, or within 1,000 feet of site's boundaries when outside an urban growth area, together with corresponding parcel numbers and assessor's parcel map	<input type="checkbox"/>
<input type="checkbox"/>	i) Proposed covenants, conditions, and restrictions (CC&Rs)	<input type="checkbox"/>
<input type="checkbox"/>	j) SEPA checklist (Available on PDS website)	<input type="checkbox"/>
<input type="checkbox"/>	k) Preliminary Stormwater Proposal form	<input type="checkbox"/>
<input type="checkbox"/>	l) Preliminary Traffic & Concurrency Information form	<input type="checkbox"/>
<input type="checkbox"/>	m) Land Disturbance Permit	<input type="checkbox"/>
<input type="checkbox"/>	n) Proposed utilities	<input type="checkbox"/>
<input type="checkbox"/>	o) Critical area and soil reports, as specified in the applicable development standards. All reports shall be certified by qualified professionals experienced in the applicable field of science.	<input type="checkbox"/>

- p) Net and gross lot size to determine minimum lot size and density requirements as required by the Zoning Ordinance
- q) Completed [Lot of Record \(LOR\) Application](#)- **For each lot involved.**
- i. A current title report or update of title report issued no more than 60 calendar days prior to application
- ii. Complete Deed History provided by Title Company
- iii. Color-coded map

2. Map Data

- a) Applicable map size is 24" x 24" to 24" x 36"
- b) Date of revisions, if any
- c) Name of owner
- d) Name, address, and telephone number of the surveyor or consultant preparing the map proposal
- e) Name of proposed land division
- f) Names or numbers of any adjacent divisions
- g) General layout of proposed land division
- h) Approximate locations of existing utilities, infrastructure, roads, drainage and rights-of-way within 300' of the boundary of the proposed land division
- i) Vicinity map at a scale not less than 1" = 2,000'
- j) Common engineering scale (1"=100' or larger), sheet numbers, and north arrow
- k) Section, township, range, municipal and county lines in the vicinity
- l) Location of monuments and fences located by any boundary survey and the date of the survey
- m) General boundaries of the site with general dimensions shown, perimeter boundary marked with a bold line
- n) Legal description of the land being subdivided
- o) Proposed access (including proposed improvements to on-site and off-site roadways)
- p) Other proposed on-site or off-site utilities and facilities
- q) The location and widths of all proposed roads, rights-of-way, and easements.
- r) When appropriate, location of natural features, including bodies of water, natural drainage areas, regulated watershed boundaries, critical areas, and buffers
- s) Location of buildings, and parking on-site or contiguous to the site
- t) General location of existing and proposed facilities, sanitation, and water facilities, easements (where appropriate), landscaping, common areas, and phasing boundaries

- u) General plans of proposed water distribution systems, sewage disposal systems, and drainage systems. The plans shall include system location and sizes, sources of water supply, location and size of storage reservoirs, location of drainage outlet, and other major features and shall be certified by a professional engineer.
- v) Layout of proposed alleys, walkways, bicycle paths, and parcels to be dedicated or reserved for school, park, playground, well site or other use
- w) Sequential numbers to all lots within subdivision and identify proposed phases
- x) Location of critical areas, shorelines and base flood elevation, where applicable

3. Additional Information

- a) Title report
- b) Written narrative of how the proposed preliminary plat will meet development and/or level of service standards for:
 - i. Water supply
 - ii. Sewage disposal
 - iii. Fire protection service
 - iv. Public school system
- c) Project areas
- d) Area in lots, square feet, and percentage of total
- e) Zoning designations and zone density
- f) Number of lots
- g) Average lot size, area, and maximum lot size
- h) Area of streets, area in right-of-way, and percentage of total
- i) Area of parks, open space, and percentage of total
- j) Area of impervious surface proposed
- k) Soil types and classifications
- l) Utility service types and name of provider
- m) School and fire district
- n) Boundary survey, prepared and certified by a professional land surveyor
- o) Additional reports as required at the pre-application meeting, prepared by qualified professionals, including but not limited to:
 - i. Traffic impact analysis and concurrency study
 - ii. Stormwater design report
 - iii. Soils and/or geological report
 - iv. Wetlands delineation and/or critical areas assessment report
 - v. Soil testing results for pesticides for subdivisions on land historically used for raising row crops

- p) Topographic map of sufficient contour interval, acceptable to the County Engineer or Subdivision Administrator, to show the topography of the land to be subdivided
