

PROJECT BUDGET NAME: Sheriff's Office Records Management System Replacement Project

Reporting Quarter/Year: 1st Quarter 2021 **DEPARTMENT:** Sheriff's Office \ IT

Project Description

Whatcom County government selected software by Spillman Technologies in 2012 to replace a 20-year old Sheriff's Office Records Management System. In addition to the Sheriff's Office, this system is used by the Prosecuting Attorney's Office, Superior Court, District Court, WHAT-COMM 911, Planning & Development Services Fire Marshals and City of Bellingham Police Department.

Project Status

The new Spillman Technologies (Spillman) Records Management System went live in November 2013. During 2014 and 2015 various integrations with other local, state and federal criminal justice systems were implemented. In early 2017, WHAT-COMM 911 implemented a new Computer Aided Dispatch (CAD) system and it was successfully integrated with the Spillman system. A project using Crystal Reports server for advanced reporting and distribution of information from the Spillman system to criminal justice agencies has been completed. In 2019, we procured and have implemented the Spillman Inmate Discipline Module and Spillman Mobile Arrest Forms Module. The Community Dashboard (crime mapping) software was deployed August 2020 and we are currently working with Spillman to upgrade the geo-validation component of the Spillman system. Resources have been shifted to responding to the COVID-19 global pandemic, but we hope to complete this project by 2Q2021.
