COVID-19 Vaccination Log

Fully vaccinated employees do not have to wear a mask or socially distance at work, unless their employer or local public health agency still requires it.*

Whatcom County will continue to require all clients/members of the public who enter our buildings to wear a mask regardless of vaccination status. County staff should wear a mask when serving members of the public and in public areas, regardless of their own vaccination status.

Department Heads who wish to allow employees to work without masks in other situations must be able to demonstrate to the State of Washington that they have verified vaccination status for those not masked or physically distanced.

> ***Please keep this information confidential within your work group do NOT ask why an employee is not vaccinated because this could lead to medical privacy issues.***

WORK GROUP / DEPARTMENT _____

In order to work without a mask or social distance for the non-public contacts parts of my job, I attest that I am fully vaccinated:

NAME	DATE OF LAST VACCINE	SIGNATURE

CONFIDENTIAL

* Masking & Distancing Requirements Are Changing" L&I publication 5/21/2021
