THIS MATTER having come before the above-entitled Court to address the requirement that the defendant have an ignition interlock device installed on any motor vehicles operated by the defendant; the Court, having heard arguments of the parties, hereby makes the following findings of fact:

- Defendant does not own or co-own a motor vehicle.
- Defendant does not have access to a motor vehicle that the defendant is able install an ignition interlock on.
- Defendant owns or has access to a motor vehicle but is not driving and has been ordered not to drive a motor vehicle unless it has a functioning IID installed.

Based on the aforementioned findings of fact, the Court concludes that the defendant is unable to comply with the requirement to install functioning ignition interlock devices on all vehicles the defendant operates.

IT IS THEREFORE ORDERED that the defendant is relieved of the requirement to install an ignition interlock device in this cause under the following condition(s):

The defendant must sign the attached declaration prior to the entry of this order and, at every subsequent appointment with the Whatcom County District Court Probation on this matter, the defendant must re-sign the declaration while this requirement is in place and:
